MRS. STETSON'S SISTER APPEARS AS A NEW FIGURE IN CHRISTIAN SCIENCE

NEW YORK, Oct. 14.—Out of the back ground mystery and her own "admission" which has stirred the congregation of the First Church of Christ, (Scientist), Mrs. Augustus B. Stetson was the subject of a growing power by the directors of the church, and she has been a figure which may dominate the situation in the near future. This figure is Mrs. Stetson, widow of the late Mr. Stetson, a former pupil of Mrs. Mary Baker Eddy and a member of the First Church, who has been a student of Christian Science throughout the world.

Certificate Never Used. She has always lived in the shadow of her sister's achievements as a student of the Christian Science, who has followed the leadership of Mrs. Stetson, without question and has added material to the worldly possessions of the woman, who until recently stood unchallenged as the recognized head of the First Church. Mrs. Stetson has had no part in her sister's work, except that of a helper.

But that she has been a student of the Christian Science, she has never taught Christian Science. The certificate which she holds has never been used. But that she has been a student of the Christian Science, she has never taught Christian Science. The certificate which she holds has never been used.

By electing Mrs. Stetson to the role of teacher, the church has been a step towards the future. This is a step towards the future. This is a step towards the future.

Bad Breath From Stomach and Catarrh

Many Persons Are Victims of This Disagreeable Complaint.

It is quite common to hear of persons being spoken of as thoroughly agreeable conversationalists, highly entertaining in conversation, fascinating and attractive in manner, gifted, well-read, accomplished and possessing all the attributes and qualifications necessary to make them the guests at parties and entertainments, but for the single fact that, for some cause or other, they are the victims of catarrh of the throat and nasal catarrh, they are the unfortunate possessors of bad breath.

That one drawback is sufficient to make them almost universally shunned, and no matter how erudite or scholarly they may be, how much they may have traveled, or how large a fund of interesting anecdotes they may have accumulated, and which they may be capable of relating in an entertaining and agreeable manner, they are the victims of offensive breath caused every other consideration to be set aside by their friends.

This is indeed unfortunate, and it has been the means of causing many a person to avoid social and social intercourse, because, realizing as they do, how disagreeable it must be to others, and wishing at the same time to be free from the offensive breath, they are left with the only alternative of remaining off to themselves and being deprived of many of the pleasures of life.

Such a situation is, however, wholly unnecessary, and persons who have long been troubled with foul breath from the mouth, and who know that there is a remedy for its relief, one of the most effective and reliable, and an efficient exorciser and purifier of offensive breath, whether from the mouth or from the stomach, should at once procure a box of STUART'S CHAMOIS, LOZENGES.

Thousands of persons testify to the fact that through their use they were once victims of foul breath, which compelled them to avoid the company of their friends, and which, by the use of Stuart's Chamois, Lozenges, they are now able to mingle freely with their friends, to attend entertainments, parties, and to enjoy life generally, happy in the thought that, through the use of Stuart's Chamois, Lozenges, their breath is rendered sweet and pure, and cannot give offence to the most fastidious persons.

Stuart's Chamois, Lozenges, is a purifying lozenge, which is composed of the purest ingredients, and made from willow wood, which is the most effective and reliable, and an efficient exorciser and purifier of offensive breath, whether from the mouth or from the stomach, should at once procure a box of STUART'S CHAMOIS, LOZENGES.

There is a package from your druggist or at a corner grocery store, and your name and address for free sample. Write to Stuart's Chamois, Lozenges, 209 Stuart Building, Marshall, Michigan.

We're taking two good black lines to emphasize this today—NEWMAN made coats are famous for that collar that hugs the neck—that collar which holds to the linen collar shape, whether the coat be buttoned or not. This means the very acme of custom tailoring. It means HAND WORK on not only the collar, but every detail of the entire coat.
